WORK EXPERIENCE

IT Field Engineer | Tata Consultancy Services via Quess Corp
October 2025 – May 2026 | Dubai, UAE

- Provide onsite IT support for UAE Ministry of Education (MoE) schools, delivering L2 support and resolving 85–95% of escalated incidents
- Install, configure, and maintain end-user devices, smart boards, and IT peripherals, ensuring smooth classroom and administrative operations
- Troubleshoot advanced hardware, software, and network issues, reducing downtime by up to 30% and ensuring high system availability
- Manage Active Directory, Office 365, and Windows environments, including user access, system deployment, patching, and security compliance
- Utilize Ivanti ITSM tool for incident management with 95%+ SLA compliance, while providing VIP support, teacher training assistance, and IT asset/network support

IT Support Engineer | DHL Global Forwarding via SevenX
June 2024 – May 2025 | Colombo, Sri Lanka

- Delivered onsite and remote support for 120+ users across 3 remote locations. Handled 250+ incidents with 175+ resolutions via GSN (ServiceNow) platform, maintaining a 95% user satisfaction rate.
- Maintained 500+ assets in ITHAM/CMDB including laptops, desktops, printers, scanners, routers, and mobile devices. Supported NGWS Managed Desktop and lifecycle updates.
- Deployed Windows OS to 100+ user machines using MECM task sequences via USB boot media, configuring OPE profiles and utilizing Adaptiva Peer Cache – boosting deployment speed by over 60% and reducing network bandwidth usage.

IT Technician | Ainsteam Computers

July 2020 – May 2024 | Kurunegala, Sri Lanka

- Diagnose and resolve hardware and software issues with a 95% performance rate, specializing in virus/ malware removal and achieving a 20% improvement rate in system optimization.
- Provide expert advice on system selection, ensuring a 98% customer satisfaction rate. Manage 5-10 daily laptop and PC repairs, including data backup, restore and recovery.
- Install, configure and troubleshoot operating systems and network devices while staying updated with technological advancements.
